

We would love to have you join us at the Nauset Garden Club!

The only prerequisites necessary to become a member are to enjoy nature, ecology, the beauty of flowers and the desire to learn more about them. We have members who are very knowledgeable and anxious to share their knowledge with you as well as members who are just looking to learn more about gardening. Our club will give you the opportunity to make friends with others who share your interest in gardening, floral design and the environment.
